Dear John,

On behalf of the City of NY and NY Counties in MDL 1456, I write to confer with you about discovery from Schering for those Schering brand drugs which have been shown by Dr. Addanki to have AMP/AWP spreads in excess of 30% on an annual basis.

Please advise by close of business Tuesday, August 25, 2009 whether Schering will produce discovery responsive to Plaintiffs' First Requests for Production including, but not limited to, all chargeback and rebate data (in a form which is consistent with what you have already produced to us in the nature of transactional data) for the Drugs/NDCs listed below. The listed Drugs/NDCs were selected based on the AMP/AWP spreads Dr. Addanki calculated for the years 1997-2003 (presented in his August 6, 2009 Affidavit in Support of the Schering VAC settlement (Exhibit 3 - "Percentage Spreads Between AWP and AMP Accused Branded Products"). For the years 2004-2005, we refer to the AMP/AWP spreads presented in Dr. Addanki's February 21, 2008 Affidavit (Exhibit 3 - "Percentage 'Spreads' between AWP and AMP Branded Products Accused in New York Counties 1997-2005").
